

MATERIAL SAFETY DATA SHEET	
Product : SALMETEROL XINAFOATE 25 MCG AND FLUTICASONE PROPIONATE 125 MCG INHALER (CFC – FREE) (120 MD)	
Date of Issue : 25.10.2013	Revision No. : 01

SR. NO.	POINTS	DETAILS																		
1.	IDENTIFICATION OF SUBSTANCE :																			
	Trade Name	FLUTICORT PLUS 125 INHALER (CFC FREE) 120MD																		
	Company	Medispray Laboratories Pvt. Ltd. 344/345 , Kundaim Industrial Estate , Kundaim, Goa – 403 115 .																		
	Telephone	0832 - 2394355																		
	Fax No	0832 - 2394566																		
	Email	medispray@bsnl.in																		
2.	HAZARD IDENTIFICATION :	Possible shivering, Palpitation and nervousness, nausea																		
3.	COMPOSITION / INFORMATION OF INGRADIENTS :	<table> <tr> <th>Ingredient</th><th>C.A.S No.</th><th>%w/w</th></tr> <tr> <td>Fluticasone Propionate</td><td>80474-14-2</td><td>0.156</td></tr> <tr> <td>Salmeterol Xinafoate</td><td>94749-08-3</td><td>0.045</td></tr> <tr> <td>Absolute Alcohol</td><td>64-17-5</td><td>2.0</td></tr> <tr> <td>Lecithin</td><td>8002-43-5</td><td>0.00004</td></tr> <tr> <td>Propellant HFA134a</td><td>811-97-2</td><td>97.80</td></tr> </table>	Ingredient	C.A.S No.	%w/w	Fluticasone Propionate	80474-14-2	0.156	Salmeterol Xinafoate	94749-08-3	0.045	Absolute Alcohol	64-17-5	2.0	Lecithin	8002-43-5	0.00004	Propellant HFA134a	811-97-2	97.80
Ingredient	C.A.S No.	%w/w																		
Fluticasone Propionate	80474-14-2	0.156																		
Salmeterol Xinafoate	94749-08-3	0.045																		
Absolute Alcohol	64-17-5	2.0																		
Lecithin	8002-43-5	0.00004																		
Propellant HFA134a	811-97-2	97.80																		
4.	FIRST AID MEASURES :	Flush the affected part with plenty of water. In case of eye contact, immediately flush eyes with plenty of water for at least 15 minutes. In case of skin contact, wash the affected area with soap and water. In case of inhalation, allows the victim to rest in well ventilated area. In case of ingestion, do not induce vomiting. Loosen the tight clothing. Seek medical attention.																		
5.	FIRE FIGHTING MEASURES :	Material is non-combustible. Closed container expose to heat may build pressure and explode. Aerosol container contains gas under pressure. Special Firefighting Procedures Self-contained breathing apparatus and full protective equipment are recommended for firefighters.																		
6.	ACCIDENTAL RELEASE MEASURES :	Personal Precautions Wear protective clothing and equipment consistent with the degree of hazard. Ventilate area to Dispel vapors present. Instruct all personnel not involved in clean-up operations to keep at a Designated safe distance. Environmental Precautions Do not allow this material to enter surface drainage systems, sewers and poorly ventilated areas. Decontamination Procedures No specific decontamination or detoxification procedures have been identified for this product. Water can be used for clean-up and decontamination operations.																		
7.	HANDLING AND STORAGE :	Store below 30°C. Do not freeze. Do not expose to direct sun light. Do not pierce or burn, even after use. Keep out of the reach of children.																		

MATERIAL SAFETY DATA SHEET	
Product : SALMETEROL XINAFOATE 25 MCG AND FLUTICASONE PROPIONATE 125 MCG INHALER (CFC – FREE) (120 MD)	
Date of Issue : 25.10.2013	Revision No. : 01

SR. NO.	POINTS	DETAILS
8.	EXPLOSURE CONTROLS / PERSONAL PROTECTION :	Avoid eye contact with vapor, spray or mist. Use eye protective equipment as safety glasses. Avoid skin contact. Use gloves, proper clothing to avoid skin contact. Wash hands after handling and before eating. Avoid prolonged or repeated skin contact.
9.	PHYSICAL AND CHEMICAL PROPERTIES :	Physical Form: Aerosol Odor & Color: White suspension with slight ethereal odor. Flash Point: No flash point Flammability : Non-flammable
10.	STABILITY AND REACTIVITY :	Stable at ambient temperature
11.	TOXICOLOGICAL INFORMATION :	Material may be harmful by ingestion or skin absorption. May cause eye and skin irritation.
12.	ENVIRONMENTAL / ECOLOGICAL INFORMATION :	This material contains an active ingredient that has had limited testing and no adverse environmental effects were observed as per the literature review. There is insufficient information to determine the scope of the environmental effects this material may cause. Until there is additional testing to determine other potential adverse effects on the environment, appropriate precautions should be taken to limit release of this compound to the environment. Local regulations and procedures should be consulted prior to environmental release.
13.	DISPOSAL CONSIDERATION :	Dispose the inhaler as per local, state and federal regulatory procedure and laws
14.	TRANSPORT INFORMATION :	Avoid exposure to direct sun light <u>IMDG classification:</u> Class 2.2 <u>UN Number:</u> UN 1950 <u>Hazard Label:</u> Non-Flammable gas <u>Transport Info.:</u> Non-hazardous for air, sea, and road freight <u>Proper shipping name:</u> FLUTICORT PLUS 125 INHALER (CFC FREE) 120MD
15.	REGULATORY INFORMATION :	Shelf life: 3 years. Storage instructions: Store below 30°C. Do not freeze.
16.	OTHER INFORMATION	It is used for the treatment of bronchial asthma.

The information contained herein is based on present state of our knowledge and does not therefore guarantee certain properties. The information given was obtained from sources which we believe are reliable. The information and recommendations given are to the best of our knowledge, accurate as of the date of issue. Nothing herein shall be deemed to create warranty, express or implied. Recipients of material must take responsibility for observing existing laws, regulations and suitability of material for handling, transport and any particular purpose. We do not assume responsibility and expressly disclaim liability for loss, damage and expenses arising out of or in any way connected with handling, storage, use and disposal of product. Information mentioned in this document relates only to the specific material designated and may not be valid for such material designated and may not be valid for such material used in combination with other material or in any process.
