纱布巾产品申明

Declaration on laparotomy sponge

Item Code: 273052

Size: 45×45cm-4

该产品是由棉纤维纺纱织造、脱脂漂白，再经后续的加工制成产品。织造

过程中的棉纱之间的摩擦和棉纱的特性，产品上存在绒毛及细小棉纤维的脱落是不可避免的，是纱布巾产品的固有特性。

无论上述情况如何，我们可以保证我们的产品上的粒子及绒毛落下的量是很小的。

This product is made of cotton fiber, via spinning, weaving, defatting and bleaching, then processed into finished product, shedding of lint and small cotton fiber from product is inevitable due to friction between cotton yarn plus cotton yarn characteristics, it is inherent characteristics of laparotomy sponge.

Regardless of the above, we can guarantee that our product has low shedding of particles and lint.

Best wishes,

MR CHUNRONG ZHANG/QA Manager
