Material Safety Data Sheet

Finished product

SECTION 1: CHEMICAL SUBSTANCE/PRODUCT AND COMPANY IDENTIFICATION	
Product information:	Trade name: TRICOVIT FORTE Chemical name: Lotion mixture Product use: Lotion, for hair loss.
Manufacturer information	Biodue S.P.A. Via A.Lorenzetti, 3/A Loc. Sambuca Val di Pesa 50028 TAVARNELLE VAL DI PESA (FI) - ITALY Tel. +39 055 8071140 8071198 8050502 8050798 Fax +39 055 8071141 Email: info@biodue.com
Supplier's name and address	Suco International Corporation 8551 W. Sunrise Blvd. Suite 302 Sunrise, FL 33322, USA Tel: +1 (954) 927 0066
SECTION 2: PHYSICAL DATA	
Description	Solution, translucent bluish green, free from foreign particles
pH	4.7 - 5.7
Density	0.96 - 0.98 g/mL
Solubility in water	Soluble
Percentage volatile at 25°:	Not Applicable
Melting point	Not Available

Vapor pressure (mmHg) (psi):	Not Available	
SECTION 3: COMPOSITION / INFORMATION ON INGREDIENTS		
The complete ingredient list for the finished product(s) is as follows:		
All components of this product are on the International Cosmetic Ingredient Listing - COSING. Cosmetics creams are considered an OTC products and therefore are regulated thus by FDA.		
The formulations for these products are proprietary information.		
See container label regarding proper handling and use of this product.		
Active ingredients: (INCI name)	- <i>Serenoa serrulata</i> Fruit Oil - <i>Phyllostachis bambusoides</i> Juice - Capsicum Frutescens fruit extract - <i>Melaleuca alternifolia</i> Leaf Oil - Panthenol - Ethyl Nicotinate	CAS # 84604-15-9 8022-56-8 85940-30-3 85085-48-9 81-13-0 614-18-6
Other ingredients (INCI name): Aqua, Alcohol, Cucurbita Pepo, Glycine Soja, Sodum Ascorbyl Phosphate, Dimethylsilanol Hyaluronato, Disodium EDTA, Parfum, Propylene Glycol, Hydrolyzed Wheat Protein, Hydrolized Glycosaminoglycans, Lactic Acid, C.I. 42090.		
SECTION 4: HAZARD IDENTIFICATION		
Emergency overview	This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use. Additional information on toxicological endpoints is available from the supplier upon request.	
Potential Health effects		
Potential health effects	• Eye: Contact cause irritation. Redness and stinging occur.	
	• Skin: Is irritating, sensitizing, not expected to be photoallergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.	
	• Inhalation: Direct contact with respiratory mucosa cause irritation and inflammation. Not volatile therefore limited inhalation exposure anticipated. Volatile substances don't are an inhalation hazard under normal use conditions.	
	• Ingestion: May be harmful if swallowed. As in any instance of non-food consumption, seek medical attention in the event of any adverse symptoms. Small amounts transferred to the mouth by fingers during use can cause irritation. Swallowing large amounts may cause digestive discomfort. We recommend using following the recommendation and avoiding ingestion of this material.	

SECTION 5: FIRST AID MEASURES	
Eye	Immediately flush eyes with water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Continue to rinse for at least 10 minutes. Get medical attention.
Inhalation	If symptoms are experienced, remove source of contamination. In this case, remove victim to fresh air and keep at rest in a position comfortable for breathing. If not breathing, if breathing is irregular or if respiratory arrest occurs, provide artificial respiration or oxygen by trained personnel. Get medical attention. If unconscious, place in recovery position and get medical attention immediately. Maintain an open airway. Loosen tight clothing such as a collar, tie, belt or waistband.
Ingestion	Accidental ingestion of product may necessitate medical attention if swallowed in large quantity. In case of accidental ingestion dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting. Note: After first aid treatment, the caller should be advised that 1) a hospital emergency room or family physician should be consulted if anything unusual occurs or appears necessary in the judgment of the caller, and 2) that the subsequent management of the accident should be dictated by any persistent symptoms and under the direction of the physician.
Skin	Testing by the manufacturer yielded results that showed satisfactory compatibility with skin. If desired, flush exposed area with copious amounts of mild soap and water. If completely immersed, remove contaminated clothing.
SECTION 6: FIRE FIGHTING MEASURES	
Flash point (F):	Flammable
Flammable limits:	Not applicable
Extinguishing media:	CO ₂ , dry chemical, BC/ABC extinguisher.
Special firefighting procedures:	If the fire is too large to control it with a fire extinguisher, use plenty of water.
Unusual fire and explosion hazards:	If the fire is too large to control it with a fire extinguisher, use plenty of water.
SECTION 7: SPECIAL PROTECTION INFORMATION	
No special protection is needed. Avoid eye contact. Keep container closed.	
For Household Settings:	This is a personal care or cosmetic product that is safe for consumers and other users under normal and reasonably foreseen use.
Protective clothing:	Not required
Protective gloves:	Not required
Ventilation special:	Not required
For Non-Household	Use safety glasses or safety goggles if splash hazards exist; always

Settings:	follow good hygienic work practices. Avoid prolonged contact with skin and clothing.
SECTION 8: ECOLOGICAL INFORMATION	
The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices.	
SECTION 8.1: ACCIDENTAL RELEASE MEASURES	
The preparation does not induce special environmental risks.	
Containment/ Clean Up:	Collect for disposal. Clean up remaining materials from spill with suitable absorbent. Clean with soap and water.
Cleaning methods:	Wash with water plus cleansing agents.
Waste disposal method:	According to local, Provincial and Federal regulations.
SECTION 9: STORING AND HANDLING	
- Store in cool, dry away from sunlight. Store at a temperature below 30°. - Avoid overheating through improper processing and dusting	
Storing precautions:	Keep container closed
Handling precautions:	Spilled material is quite slippery. Use caution until cleaned up.
SECTION 9.1: TRANSPORT INFORMATION	
Finished packaged product transported by ground (DOT): Non-hazardous.	
Finished packaged product transported by vessel (IMDG): Non-hazardous.	
Finished packaged product transported by air (IATA): Non-hazardous.	
SECTION 10: DISPOSAL CONSIDERATION	
Disposal should be in accordance with Federal, State/Provincial and Local regulations.	
For Household Settings: The following instructions are for consumer usage only. Do not discharge product into natural waters without pre-treatment or adequate dilution.	
For Non-Household Settings: Products covered by this MSDS, in their original form, when disposed as waste, are considered non hazardous waste according to Federal RCRA regulations (40 CFR 261). Disposal should be in accordance with local, state and federal regulations.	
SECTION 11: TOXICOLOGICAL INFORMATION	
This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use. Additional information on toxicological endpoints is available from the supplier upon request.	
Chronic Effects: Finished product is not expected to have chronic health effects.	
Target Organs: No adverse health effects on target organs expected for finished product.	
Carcinogenicity: Finished product is not expected to be carcinogenic.	

NTP: No IARC: No OSHA: No

SECTION 12: OTHER INFORMATION

This MSDS is intended to provide a brief summary of our knowledge and guidance regarding the use of this material. It is not meant to be an all-inclusive document on worldwide hazard communication regulations.
--

Each user of this material needs to evaluate the conditions of use and design the appropriate protective mechanisms to prevent employee exposures, property damage or release to the environment. Suco International Corp assumed no responsibility for injury to the recipient or third persons or for any damage to any property resulting from misuse of the product.
