

Diagram illustrating the layout of a 312 mm wide board with 50 mm wide panels and 7 mm wide joints. The layout is symmetrical, with a central 312 mm section and two 50 mm wide end sections. The total width is 312 mm + 50 mm + 50 mm = 412 mm. The joints are 7 mm wide, and the panels are 50 mm wide.

The image displays a Winnie Gold Fit diaper package, showing the front, back, and side panels. The front panel features a smiling woman holding a baby, the Winnie Gold Fit logo, and product specifications: 6 XXXG diapers, 30 pañales, and a weight range of 16-35 kg. The back panel shows the diaper's construction with a diagram of the absorbent core and various icons indicating features like softness, breathability, and ease of use. The side panels show the top and bottom flaps of the diaper, with instructions on how to use them.
