LIST of PRODUCTS

2501019	Molecular resonance generator Vesalius QUANTUM
2502001	reusable footswitch handle 3m
2502012	STERILE footswitch handle for uvula incision with blade 3m
2502019	STERILE single-use footswitch handle with ball for nasal telangiectasia 3m
2503003	single-use neutral insulated plate for adults
2503004	single-use neutral insulated plate for paediatrics
2503014	single-use neutral insulated plate for neonates
2504011	single electric pedal 4m
2601015	bayonet bipolar forceps for tonsillectomy L=180mm T=1mm with cable
2601018	QUANTUM Galileo bipolar scissors L=140mm with cable
2601024	STERILE single-use electrodes set for MCNplus 8pcs
2601026	45° angled IN bipolar forceps for tonsillectomy L=180mm T=1mm with cable
2601027	QUANTUM Galileo bipolar scissors L=175mm with cable
2601028	45° angled IN bipolar forceps for tonsillectomy L=200mm T=1mm with cable
2602046	STERILE single-use tonx bi-probe
2602051	STERILE single-use stainless steel electrode for middle ear incision
2605020	STERILE single-use stainless steel blade for incision
2614003	STERILE single-use NON-STICK monopolar electrode for adenoids with aspiration
2614004	STERILE single-use half-moon electrode for adenoids with aspiration
2614005	STERILE single-use electrode for polyps with aspiration
2615001	STERILE single-use turb bi-probe
2615002	STERILE single-use uvo bi-probe
2615005	STERILE single-use tongue bi-probe
2615006	STERILE single-use DRB short turb bi-probe
2615011	STERILE single-use bipolar electrode for epistaxis
2615015	STERILE bipolar electrode for ENT
2615017	STERILE single-use tuba bi-probe
2602054	STERILE single-use GLADIO needle for microsurgery lf=3mm L=25mm
2602057	STERILE single use GLADIO wire electrode for microsurgery L=25mm
2603083	STERILE single use GLADIO loop electrode for microsurgery L=25mm
2605018	STERILE single use GLADIO blade electrode for microsurgery L=25mm
2507002	wired trolley 500x400x930mm
